EDUCATION

ISUTC - Instituto Superior de Transportes e Comunicações

Bachelor of Science in Computer Science

Maputo, Mozambique

Feb 2023 – Present

EXPERIENCE

Help Desk IT

Freelance

Dec 2022 – Jun 2023

Maputo, Mozambique

- Provided technical support and troubleshooting for end-user hardware and software issues.
- Assisted in maintaining and resolving system connectivity and basic networking problems.

PROJECTS

Network Traffic Analyzer | *Python, Wireshark, Linux*

Recent

- Built a custom packet capture tool to identify anomalies in local network traffic
- Parsed and visualized data to flag potential breaches and monitor network health

Security Lab Setup | *VirtualBox, Debian, Bash*

Recent

- Configured a secure, isolated environment for testing firewall rules and network defense
- Automated the deployment of monitoring tools via Bash scripting
